# LOCKER SYSTEMS

Overview	50
Lockers – Plinth Mounted	51
Lockers – Wall Mounted	52
Lockers – Bench Mounted	53
Lockers – Shoe Box Mounted	54
Lockers – Shoe Box Seating Mounted	55
Lockers – Plinth Mounted End-of-Trip	56
Lockers – Wall Mounted End-of-Trip	58
Lockers – Shoe Box Mounted End-of-Trip	60

**DuraCube lockers are constructed from DuraSafe 13mm compact laminate, making them suitable for wet and dry locations.**

Compact laminate is vandal, impact, and water-resistant with a low maintenance surface.

Coordinate your locker colours with partitioning systems, bench seating and vanities.

#### APPLICATIONS

- Schools and universities
- End-of-trip facilities
- Sport and gym change rooms
- Defence ablution blocks

**“The DuraCube locker range has expanded to accommodate evolving trends, making it fast and easy to design and construct with bathroom joinery systems.”**

Nick Serafin  
Marketing Manager, DuraCube

#### FEATURES & BENEFITS

- DuraSafe 13mm compact laminate construction requires no edge strip due to black core edge
- Locker carcass constructed from either:
  - water-resistant white 16mm HMR board or
  - 100% waterproof white 16mm PVC board
- Black PVC edge tape on carcass to match black core on compact laminate panels and doors
- Four door colours can be used to create a pattern
- Shelving and vent options are available
- Coat rail is a standard inclusion
- One to four doors are optional per locker tower

#### LOCK OPTIONS

- Electronic Touch Pad Lock (ETP)
- Mechanical Combination Lock (KL20)
- Padlock Hasp (PH)
- Standard Key Lock (KL)
- Electronic Button Lock (KL1000)
