

Refurbishment work to the toilet, shower and change rooms at the Australian Army barracks at North Bandiana have recently been completed.

Gaza Ridge Barracks, is part of the Albury Wodonga Military Area and located 5 kilometres east of Wodonga, near the New South Wales and Victorian border. It is home to the Army Logistic Training Centre and Australian Army Cadet Unit.

Duracube® successfully complied with the regulations and protocols to deliver and install partitioning and locker systems in the high security environment.

The defence force requires a high level of privacy in their amenities and change room areas and Duracube® came up with an innovative solution to customise the Full Height – Privacy Core system to meet the specifications.
