Hume City Council have implemented major improvements to Seabrook Reserve costing \$20 million that comprise upgraded sporting facilities and the construction of Seabrook Pavilion.

Seabrook Pavilion incorporates a community centre and the administrative headquarters for Touch Football Victoria and Victoria's Rugby League Centre of Excellence. Seabrook Reserve is the home ground for Northern Thunder rugby league club.

The state-of-the-art sporting facility will provide a range of sporting and recreational opportunities. The new amenities and change rooms are female-friendly with improved accessibility. The project was jointly funded by Hume City Council, NRL Victoria, Melbourne Storm and the Victorian Government.
